Subject: Class 1 Modification of Hazardous Waste Management Permit TNHW-155,  
EPA ID TND 00 337 6928

By correspondence submitted via certified mail on May 19, 2014, Eastman put into effect a Class 1 modification of Hazardous Waste Management Permit TNHW-155 (the 'Permit'). The Director of the Tennessee Department of Environment and Conservation, Division of Solid Waste Management (DSWM) recognized the modification in correspondence dated June 10, 2014. The modification to Permit Attachment 7, Appendix 7-3 Sampling and Analysis Procedures revised text to conform to agency guidelines, made informational changes identified in an operation and maintenance inspection conducted by the DSWM, and corrected typographical errors. In addition, Summary Cost Estimates for Closure of Surface Impoundments and Landfill, for Post Closure Care of Surface Impoundments and Landfill, and for Corrective Action Activities was incorporated into the Permit as Attachment 8, Appendix 8-4. This notification is made in accordance with Rule 0400-12-01-.07(9)(c)5(i)II, which requires notification of all persons on the facility mailing list within 90 days after the modification is put into effect. Questions regarding the processing of the permit modification can be addressed to Mr. John Webb (423-854-5465/John.C.Webb@tn.gov), Johnson City Environmental Field Office, 2305 Silverdale Road, Johnson City, Tennessee, 37601-2162.

If you have questions concerning the permit or this modification you may contact Keith Harris with Eastman at (423) 229-3926, via electronic mail at [jkharris@eastman.com](mailto:jkharris@eastman.com) or by mail at P. O. Box 511, B-54D-5<sup>th</sup> Floor, Kingsport, Tennessee, 37662.
